

**Bulletin #2012-009      22 – February - 2012**

Subject:

Reconnaissance Speed Penalty Changes

Overview:

Effective immediately, change Article 8.2.E.1 to the following:

1. If an event official determines that a competitor was driving in excess of 10 5 mph over the speed limit, the competitor will be disallowed from participating in reconnaissance for the remainder of the event as well as at the next event entered where reconnaissance is offered.

Rationale: After analyzing reconnaissance speed information and consulting with event organizers at Sno-Drift, it was determined that 5 mph was too low. Therefore, the allowance above the speed limit for this penalty has been increased. Note that event organizers still have the option of requesting a lower allowance should they deem it appropriate for reconnaissance at their event.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Drivers will be answered in writing.
